

# Access Panels

Alpine Ventilation carries a range of plastic access panels. They are ideal for access for commercial or residential plumbing, electrical wiring and other utility applications behind walls and ceilings. Choose from either framed or non-framed versions. Spring loaded non-framed access panels can be used on walls up to 19mm thick.

- + High Impact UV stabilised plastic
- + Ideal for wall or ceiling installation
- + Easily secure in place without damaging plaster
- + Cut-out template provided
- + Can be painted or wall papered
- + Supplied in shelf-ready display cartons
