

Ducted Aluminium Fascia Vents

Alpine Ventilation has launched a range of ducted fascia vents to assist in compliance with NCC 2022 1 0.8.2. Venting at the fascia can be a great alternative for a building that does not have eaves. The range comes in 9 popular colours plus a paintable version. Adapter kit contains 3m of rectangle ducts for easy connection to the neck of the adapter. These vents are easy to install and blend in, for an unobtrusive look.

- + Powder coated 1.0mm aluminium construction
- + Install with rivets (not supplied)
- + 9 Colorbond colours
- + BAL-40 compliant to AS3959-2009
- + A dapter kit contains - ABS adapter, 3mx150mm rectangular ducting, round clamp & rectangular clamp
- + Can be used on eaves
