

Aluminium Weatherproof Louvres

Alpine Ventilation has developed a range of aluminium weatherproof louvres in 5 sizes for external wall venting applications. All have a galvanised steel adapter box pre-attached to the vent face. Mesh has been included to protect from vermin. Ideal for venting fans, dryers and rangehoods. Half chevron blades protect from rain penetration.

- + Available in 100, 125, 150, 200 and 250mm sizes
- + Face and neck are supplied connected
- + Compatible with both flexible foil and semi-rigid aluminium ducting
- + Compatible with the fire rating requirements of AS3959-2018 up to BAL-40
